Vin de France - 2022 - **WHITE**

PRESENTATION

A symbol of our waterways, the frog here represents our terroir. It is also the sign of a cool, oceanic climate that allows our Sauvignon Blanc to express all its vivacity and freshness.
Here, French wine is accessible to all and invites you to taste it! Put it on a table and let the tongues drop at the sight of the bottle.
Novices will appreciate its simplicity... but not at the expense of its quality!
