THE VINTAGE

Extremes of weather and rare early development characterized the 2011 vintage. An exceptionally hot, dry spring (the warmest on record for the past 50 years) enabled the first flowers to make their appearance four weeks ahead of schedule.

Vineyard growth, however, slowed until mid-July due to water stress, requiring flexibility during green operations when the work had to be staggered and repeated.

Scorching hot days were a feature of 2011 (maximum highs of 39°C on June 26th and 27th), which led to light scorching of some of the Cabernet Sauvignon. July and August brought mixed weather, July being cool and rainy, whereas August was hot and sunny, bringing with it gradual maturation.

IN THE VINEYARD

All work favorizing a good distribution and aeration of the grapes (disbudding, clipping, thinning out of leaves).

Hand-picked sorting harvest according to the terroir, the vigorous zones and separation between stocks from the heart and the borders of our plots.

Harvest in crates, followed by a manual sorting on clusters and then on berries.

REVIEWS AND AWARDS

« The charm of this delicate second wine of Château Pédesclaux works from the first nose to the end of the glass. A good length with spicy notes and red plum. »
