

DOMAINE D'AUSSIÈRES

AUSSIÈRES LE MILAN NOIR 2019

Aussières was built on a fertile ecosystem where nature and people come together to learn from each other and create. Our village is very much a living place, where dialogue is the cardinal value. A dialogue of many kinds: between the elements, between the generations that have labored its grounds, between its villagers and craftsmen, and between the wine world's different schools of thought. That is what moves us forward, ultimately creating wines that tell a story of place, respect and nuance.

VINEYARD ATTRIBUTES

Appellation : IGP Pays d'Oc, France

The estate is nestled in the rugged hills just behind the Mediterranean coastline of Narbonne, in the South of France.

Terroir : The soils are very shallow and rocky on the slopes, and deeper and sandy on the plain. Yields are voluntarily kept very low in order to preserve the vines and ensure the production of high quality grapes.

The grapes come from flatter, lower lying parts of the estate where the deeper soils with underlying sandysilt provide the optimal growing conditions for grape varieties more associated with the Bordeaux region : Cabernet Sauvignon, Merlot and Cabernet Franc that contribute to the complexity of this blend.

VINTAGE SUMMARY

In the Languedoc, the cold, wet winter, very wet spring, and substantial rain in June, brought the benefit of well-replenished groundwater reserves, and the inconvenience of rampant mildew that affected certain areas in the region.

Thanks to a very hot summer punctuated by regular, short spells of rain, accompanied by generally dry air and favourable temperatures with a marked difference with day and night-time temperatures, the characteristic of this vintage that will be remembered will be the very high quality of the harvest.

This propitious weather enabled the grapes to be picked at optimal ripeness. During the harvests, the Syrah stood out as having particularly flourished in this vintage's slightly unusual weather conditions.

2018 presented all the characteristics of a fine vintage at Aussières and in the Languedoc generally.

WINE MAKING SCHEME

The grapes are picked at optimal ripeness, destemmed and then vinified using traditional maceration methods.

The maceration period varies from 10 to 12 days with gentle extraction and fermentation at fairly low temperatures (around 25°C) in stainless steel vats in order to preserve the wine's full aromatic potential. Ageing is then carried out in vats so as to keep all of the fruit's freshness and purity.

TASTING NOTES

Beautiful garnet colour with glints of deep purple.

The nose is initially quite discreet, offering fresh almonds and hint of smoke, it then develops aromas of blackberries and star anise with aeration.

Rounded, delicate palate with silky tannins on the finish.

TECHNICAL INFORMATION

Varietals : Syrah 30%, Marselan 25%, Merlot 15%, Cabernet sauvignon 10%, Cabernet franc 10%, Others 10%

Yield : 55 hL/ha

Alcohol content : 14 % vol.

pH : 3.60
