

Séduction

Séduction, Vin de France, Blanc, 2025

Vin de France, VSIG, France

PRESENTATION

The "SÉDUCTION" wine range reflects all the expertise of the oenologists at Maison Badet Clément, true enthusiasts of the diversity of wines and terroirs. Driven by a love for the land and a taste for well-done work, they create wines with a precise character. Designed as moments of pleasure, these cuvées are crafted to captivate and seduce those who discover them, offering an unforgettable sensory experience that evokes the elegance and richness of French wines.

TERROIR

This wine comes from vines cultivated on limestone soils in the south of France.

WINEMAKING

The grapes are harvested early in the morning in order to bring in fresh grapes. Direct pressing, significant settling to obtain a clear juice, then fermentation at low temperature to obtain a lot of fruit (red fruits, grenadine) and a fresh mouthfeel with a good balance between roundness and acidity.

TASTING

Both round and fresh, this well-balanced rosé wine offers intense aromas of strawberry, raspberry, fruit candies with a hint of rose.

FOOD PAIRINGS

Served very chilled at 8°-10°C, this wine is excellent as an aperitif or with pizza, salads, and grilled dishes.
