Pinot Gris is a grape variety with early budburst and low yields. Mainly known for its aromatic prowess, this confidential variety shows great vigor throughout its maturing process. A dry and sunny climate ensures a good quality for the wines made from this grape variety.

### WINEMAKING

The process of direct pressing is carried very swiftly in order to keep the juices from coloring and produce a white wine. The musts are cold-settled before fermentation which takes place at 15°-17°C.

### AGEING

Our Pinot gris is aged on the lees in vats for several months, in order to gain some roundness before it is prepared for bottling.

### TASTING NOTES

Under its beautiful pale yellow color, this Pinot Gris shows great tension and flinty notes. On the palate, it shows aromas of lychee and peaches.

### FOOD PAIRINGS

This Pinot Gris will go perfectly with tapas or smoked salmon.
