BOURGOGNE

## Signé Bourgogne Bourgogne Aligoté

AOC Bourgogne Aligoté, Bourgogne, France

Fresh and aromatic expression of the Aligoté grape, a very old Burgundian variety.

Our parcels of Bourgogne Aligoté are located mainly between Buxy and Saint-Gengoux-le-National, at the bottom of the hills. The subsoil is composed of calcareous clay. The soil is often covered with rock scree, which allow the grapes to achieve full maturity.

In stainless steel vats.

Aligoté 100%

Serving temperature: between 11° and 13°C.

A very fresh wine, usually with a pale gold colour with bright glints. The nose opens with floral and fresh fruity hints. It is soft and aromatic in the mouth. It often has white floral and hazelnut aromas. A gourmet wine for drinking young!

Perfect as an aperitif either alone or mixed with some blackcurrant liqueur to create the famous Burgundy "Kir". Perfect with oysters and seafood or with goats' cheese.
