

Depuis 1935

Malbec AOC Bordeaux - 2021 - RED

PRESENTATION

Depuis 1935 is the story of several generations of winemakers.

A story of families, cooperation, traditions, knowledge and transmission. This cuvee represents the secrets of our ancestral grape varieties revealed by the unique expression of the terroir: those of the Bordeaux basin. At a time of global warming, they find their place in our vines and around our tables. They reach a perfect maturity expressed in their aromas, their tastes and their flavors.
