Loire, Château de Parnay, AOC Saumur-Champigny, Rouge

AOC Saumur-Champigny, Vallée de la Loire et Centre, France

Great history linked to Antoine Cristal : a famous winemaker from the Loire Valley in the early 1900's, who invented a singular growing technique : roots of the vines are on one side a wall (in the shadow), while the vines goes through the wall and the "head" is in the sun, and heated in the night by the stone of the wall. Where is this technique is being used , the plot of vine is called Clos d'Entre. This single vineyard is very specific to Château de Parnay, which has the same owner as Château de Princé

TASTING

The brilliant color, of a very beautiful intensity, presents beautiful shimmering garnet nuances. It perfectly reflects the rich maturity of the grapes "gorged" by an almost Mediterranean sun.

The powerful nose is suave, the sweetness of stewed raspberry and strawberry associated with the empyreumatic aromas of zan and a touch of leather bring a rich complexity of great depth.

On the palate, the attack is enveloped and "plump" with a structure of very discreet tannins. Throughout the tasting, we find the palette of aromas present in the nose with a long aromatic persistence and a small touch of strawberry fruit paste which brings a carnal sweetness... The finely present tannins bring a delicate relief.
