Domaine de La Métairie d'Alon

GRANDS VINS DU LANGUEDOC

Domaine de la Métairie d'Alon is an estate composed of 25 hectares of Pinot Noir and Chardonnay vines, located in a mountainous region around the small village of Magrie, in the Haute Vallée de l'Aude. This higher-altitude environment (between 250 and 400 m) is an exceptional environment for the Pinot Noir and Chardonnay grapes to best express themselves. Its clay-limestone soils give the wines remarkable complexity and finesse. Carefully and rigorously farmed organically, the estate allows the Delaunay family to bring to Languedoc the best of their Burgundian sensibility and expertise in making great Pinot Noirs and Chardonnays. The estate offers cuvées made from the blend of the highest quality plots and some remarkable single vineyards, considered to be among the finest wines produced in this Haute Vallée terroir.
