

Mirezi, Fines Bulles - Alcohol free - Sparkling Muscat

Corse, France

In the heart of the Mediterranean region, where the sun warms the golden shores and where mountains majestically watch over picturesque villages, a story is written that weaves tradition and modernity. MIREZI draws its essence from this unique natural environment, evoking the ancestral Corsican ritual of retiring in the shade after a sunny day to enjoy a moment of relaxation and sharing.

PRESENTATION

Mirezi, is an invitation to connect with these moments suspended in time, summer memories when time seems to slow down. Wines in the Mirezi range are infused with this warm and welcoming atmosphere, between the sea and the mountains, where the sun confers a golden tan to the skin and where the sea breeze teases the senses. They are an ode to simple pleasures, moments of conviviality and peace shared whilst enjoying a chilled glass of wine or a delicious meal under dancing tree leaves.

Each Mirezi wine tells a story, that of an island cradled by the waves, where traditions are perpetuated proudly and where nature generously offers its treasures. The range reflects an authentic and timeless side of Corsica where the art of living is celebrated endlessly. Through Mirezi, we invite all to reconnect with the simple pleasure of getting together, sharing, and relaxing. The promise of privileged moments, a sensory experience of the Isle of Beauty, where the harmony between the land and the sea inspires a unique way of life.

More than a range of wines, the Mirezi brand is an invitation to travel, share and celebrate the small pleasures in life in the shadow of a benevolent island where time passes slowly. Join the adventure, let Mirezi brighten your days with its warm summer memories.

HARVEST

Muscat of Alexandria is an emblematic varietal of the Isle of Beauty. The grapes are harvested early and by night in August to preserve their fresh aromas.

WINEMAKING

The wine is prepared using fresh grape musts that are cooled on fine lees to enhance the muscat aromas. A beginning of fermentation of the musts contributes fermentation aromas as well as natural bubbles. The winemaking method ensures the wine retains all the taste qualities of the original Muscatu Frizzante, with a very low alcohol content.

VARIETAL

Muscat d'Alexandrie 100%

< 0,5 % VOL.

Contains sulphites.

SERVING

This product contains 3 bars of pressure.
Ideal serving temperature: 8° to 10°C.

TASTING

Pale yellow colour. The nose yields aromas of white flowers. The mouthfeel is suave and very pleasant.
