

Les Combes

Combes are narrow valleys flanked by steep slopes, formed by the erosion of limestone soils. These areas are ideal for growing vines, as they benefit from favorable sunlight and are sheltered from the wind.

Our "Les Combes" range is a beautiful selection of wines from the Pays d'Oc, expressing the richness of the soils and the diversity of grape varieties in southern France. Each wine in the range captures the essence of the terroir, offering authentic aromas with a touch of freshness.
