## PRESENTATION

Located in Claret, in Hérault, at the heart of Languedoc, Domaine De Villeneuve is a family estate that highlights all the richness and diversity of Pic Saint-Loup wines. The terroir, composed of limestone soils and scree, benefits from a Mediterranean climate tempered by the influence of the surrounding mountains. The estate practices integrated pest management, favoring manual work and precise vinifications to preserve the authenticity of the fruit. The reds, made from Syrah, Grenache, and Mourvèdre, are powerful and elegant, with notes of black fruits, pepper, and garrigue. The more confidential whites charm with their freshness and balance. An emblematic estate of Pic Saint-Loup, ideal for discovering deep and expressive wines.
