CHÂTEAU POMBREDE AOC Bordeaux - Red - 2020

LOCATION

Bordeaux is the largest vineyard for appellation wines in the whole of France. Situated in the South West near the Atlantic, it is crossed by the rivers Garonne and Dordogne and enjoys a temperate maritime climate. The richness, the quality and the diversity of its wines derive from the particular character of the terroirs, the experience of the winegrowers and the art of blending. The tide, which flows up both of the region's rivers, brings very specific characteristics to the wines. With its huge size, Bordeaux reds offer an infinite palette of flavours and combine their qualities in myriad different ways.

PRESENTATION

Near Sauveterre de Guyenne, the château Pombredé has been in the same family since four generations. The owner, Rémi Garuz, would like to farm old vines planted by his grandfather in 1920.

WINEMAKING & AGEING

Destemming and crushing of the grapes. Alcoholic fermentation at controlled temperature with selected yeasts and maceration of the skins. To obtain a wine for ageing, rich in tannins, this takes 3 to 4 weeks. Ageing in barrel for at least 6 months, so that the wine develops its bouquet and its aromas.

Merlot 60%, Cabernet
sauvignon 30%, Cabernet franc
10%

FOOD PAIRINGS
