PRESENTATION

Located in the heart of Beaujolais, Domaine Des Maisons Neuves, also known as Domaine Jambon, is an essential reference for the production of exceptional Gamay. Installed on steep slopes with granite soils, it benefits from a remarkable terroir, giving the wines depth and beautiful aromatic complexity. For several generations, the Jambon family has perpetuated artisanal know-how, favoring integrated pest management and exclusively manual harvesting. Vinification follows the traditional Beaujolais method with semi-carbonic maceration, allowing the freshness and characteristic fruitiness of Gamay to be exalted. The wines from the estate offer a superb expression of Beaujolais crus, with aromas of ripe red fruits, delicate floral notes, and an elegant and silky palate. Thanks to excellent value for money, Domaine Des Maisons Neuves is an essential reference for lovers of characterful Beaujolais.
