PRESENTATION

100% Marselan. Its fruity generosity and balance make it ideal for a refreshing experience.

TERROIR

The clay-limestone hillsides and the sandy-loamy low-lying arenas.

IN THE VINEYARD

A rigorous selection of grapes, deliberately harvested at a low potential alcohol level, from carefully chosen terroirs and grape varieties. Grown according to the rules of the art, these grapes benefit from meticulous work in the vineyard, allowing them to reach optimal maturity. This know-how guarantees the absence of any "green" notes and preserves their characteristic lightness, for a wine that is both balanced and refined.

WINEMAKING

A winemaking respectful of tradition

Short maceration in stainless steel tanks: A delicate extraction that preserves fruity aromas and ensures a nice lightness in the mouth.

Short aging in concrete tanks: This process enhances the freshness and balance of the wine, while sublimating its fruity character and liveliness.

A captivating aromatic bouquet

The nose opens with intense aromas of fresh red berries, such as raspberry and strawberry, enhanced by delicate spice notes. The aromatic richness perfectly illustrates the balance between the finesse of Cabernet Sauvignon and the fruity generosity of Grenache.

On the palate, Marselan reveals a beautiful harmony. Its finesse and moderate tannins blend with the sweetness of the fruits, offering a generous and balanced tasting experience. The Mediterranean warmth is felt, bringing a beautiful length marked by fruity notes and a refreshing finish.
