## PRESENTATION

At the crossroads of Côte de Beaune and Côte de Nuits, the Domaine D'Ardhuy benefits from an exceptional viticultural heritage with parcels located on prestigious climates. This family house is committed to certified organic viticulture, valuing respect for soils and biodiversity. The vines, cultivated with meticulous care, produce high-quality grapes, sublimated by parcel vinifications. The reds, made from Pinot Noir, stand out for their elegant structure, with notes of black fruits, spices, and beautiful tannic depth. The whites, vinified in oak barrels, reveal all the finesse of Chardonnay, with a silky texture and great persistence. The Domaine D'Ardhuy establishes itself as an essential reference in Burgundy, producing precise, expressive, and aging wines.

## VARIETAL

Chardonnay 100%

## LOCATION

White marl soil from the Jurassic period. Relatively low in fertility, these soils are often referred to as "white lands" because red wines tend to lack body when grown here.

## TERROIR

Soil: white marl

Topography: low fertility, better suited to white varieties

## IN THE VINEYARD

Manual soil work. In organic conversion (C1 stage).

## HARVEST

Hand-harvested.

## WINEMAKING

Whole-bunch pneumatic pressing (no crushing or destemming), using a sequential program with a maximum pressure of ~1.5 bar. Cold static settling. Systematic inoculation with selected yeast strains. Alcoholic fermentation in barrels, with immediate barrel filling after settling. Aged on lees. 100% malolactic fermentation.

## AGEING

10 months of ageing in oak barrels:

30% new oak

30% one-wine barrels

40% two-wine barrels

## SERVING

Serve at 12°C.

## AGEING POTENTIAL

3 to 5 years

## TASTING

Bright golden yellow color. The nose reveals aromas of hazelnut, white-fleshed fruits (apple), and floral notes. The palate is fresh and taut, with a fine balance between acidity and smoothness. Long finish with subtle toasted notes.

## VISUAL APPEARANCE

Luminous golden yellow

## AT NOSE

Hazelnut, apple, white flowers
