

Château Chasse-Spleen 2025

AOC Moulis, Bordeaux, France

PRESENTATION

The wines of Chasse-Spleen reflect the diversity of the terroirs of its appellation: the freshness and minerality of Cabernet Sauvignon and the roundness and smoothness of Merlot. Chasse Spleen is elevated to the rank of Exceptional Grand Cru with only five other châteaux.

TERROIR

The vineyard, covering an area of 80 hectares, is located at the highest point of the slopes of Grand-Poujeaux. The soil consists of 80% Garonne gravel on a limestone substrate with asteria. The remaining 20% is clay-limestone. The grape varieties planted are 73% Cabernet Sauvignon, 20% Merlot, and 7% Petit Verdot. The average age of the vineyard is 30 years. The farming method is traditional (earthing up, earthing down), and the harvest is done by hand. The terroir of Chasse-Spleen allows for the production of well-structured and characterful wines, with good aging potential. The farming practices at Chasse-Spleen are conventional.

WINEMAKING

In stainless steel tanks with temperature control and cement coated with Epoxy.

AGEING

16 months in barrels, with 35% new wood.

VARIETALS

Cabernet-sauvignon 63%, Merlot 30%, Petit verdot 5%, Cabernet franc 2%

TECHNICAL DATA

Production volume: 310000
Surface area of the vineyard: 90 ha
Age of vines: 40 years old

TASTING

"A very structured red with a medium body, good depth of fruit and juicy tannins. Earth, spice and terra cotta undertones to the fruit. Muscular in many ways." - James Suckling
