

Beau Chêne

Beau Chêne, Merlot-Cabernet, Rouge, 2024

Vin de France, VSIG, France

PRESENTATION

The Beau Chêne wines are inspired by the majestic oaks that populate the French forests. Like these often centuries-old trees deeply rooted in the earth, our wines come from vines that draw their character and balance from the depths of the soil.

TERROIR

The grapes come from deep and gravelly soils.

WINEMAKING

The Cabernet Sauvignon grapes are harvested at perfect ripeness. Long maceration at controlled temperature, except for the Merlot which is vinified in carbonic maceration to extract more fruit.

VARIETALS

Cabernet sauvignon, Merlot

TASTING

This wine has a beautiful deep red color and a velvety appearance. The nose reveals very intense aromas of dark chocolate, cherry, and blackcurrant enhanced by notes of green pepper, very typical of the cabernet sauvignon grape variety. This wine is rich, round with ripe tannins. It is a very complex and elegant wine.

FOOD PAIRINGS

Its rich and complex aromas will pair perfectly with traditional cuisine (hachis parmentier, gratins, pepper steak), grilled dishes and cheeses, and chocolate desserts. Serve at 17°C.
