DOMAINE SANCY

AOC Saint-Amour
Red

PRESENTATION

A family estate for several generations, Domaine Sancy was taken over in 2014 and now has 9 hectares of old vines in three great Beaujolais crus: Juliéna, Chéna, and Saint-Amour. Here, traditional Beaujolais vinification is imposed: semi-carbonic maceration in whole bunches, gentle extraction, and highlighting fruity and floral aromas. The wines are gourmet, with notes of cherry, violet, and sweet spices, with a beautiful length and freshness characteristic of granite terroirs. The estate's uniqueness: Vinification without inputs or added yeasts, favoring natural and spontaneous fermentations.

VARIETAL

Gamay à jus blanc 100%

LOCATION

From a small parcel of just 0.42 ares in the Cru Saint-Amour.
Age of vines: 10 à 30 years old

TERROIR

Primarily clay-limestone soils.

IN THE VINEYARD

Vineyard care includes essential steps such as soil management and tailored treatments throughout the vine's growing cycle.

HARVEST

Manual harvest to ensure the integrity of the grape bunches during vinification.

WINEMAKING

Vinified with whole bunches using semi-carbonic maceration for 7 to 8 days to preserve freshness and achieve great mouthfeel and depth.

SERVING

Serving Temperature: 14–16°C

AGEING POTENTIAL

3 to 5 years

TASTING

Appearance: Deep, velvety ruby-red color captivating and elegant.

Aromas: Delicate and perfumed, with notes of red fruits like cherry and raspberry, accented by floral nuances and a hint of peach.

Palate: Elegant and refined, with good length. Red fruit flavors are confirmed on the palate, lifted by subtle floral notes. Supple, well-integrated tannins create a silky texture.

FOOD PAIRINGS

Perfect with mixed salads, white meats, grilled meats, and cheeses.
Ideal for romantic moments or simply for sharing and enjoyment.
