PRESENTATION

This subtle and balanced wine, crafted from a harmonious blend of Grenache and Cinsault, is a testament to elegance and indulgence. With delicate floral and fruity aromas, it balances freshness and roundness, featuring a pale pink hue and delightful notes of raspberry and grenadine, making it an ideal choice for any occasion.

TERROIR

The grapes are sourced from a mosaic of terroirs that lend their unique qualities to the wine. From the Mediterranean-influenced mid-slopes of the Hérault, producing rich and warm expressions, to the sandy, saline soils near Thau, which contribute a fresh and coastal character. Additionally, the clay-limestone soils of the Narbonne hinterland, paired with a dry, sunny climate, provide opulence and depth. This combination of diverse landscapes creates a rosé with complexity, balance, and an unmistakable sense of place.

WINEMAKING

The grapes are gently pressed immediately after harvest. The must undergoes clarification through flotation, yielding a pristine juice that is vinified similarly to a white wine, with fermentation carried out at low temperatures (15°C). Malolactic fermentation is deliberately avoided, preserving the wine's crisp freshness and vivacity.
