CULTIVONS LA LIBERTÉ!

Located in the heart of the Languedoc region, the territory of the Viscounty stretches out in a hilly area, illuminated by the southern sun. Our 1,200 dedicated winegrowers cultivate more than 7,500 hectares of vines.

Taking advantage of a Mediterranean climate, dry and arid during summer time and mild in the winter, we harvest the most beautiful varieties of grapes such as Sauvignon, Chardonnay, Cinsault, Grenache, Merlot, Pinot Noir and many others that we invite you to discover in this catalog.

Our Villefranchian terraces and our clay-limestone soils enriched by the sediments of the Hérault River give our wines a unique character accessible to a wide range of consumers.

Produced under the HVE3 environmental charter and in Organic Agriculture, our fresh, fruity and easy-to-drink vegan wines offer the promise of a gustatory experience that favors moments of conviviality and sharing.
