

DOMAINE DE CANTALAUZE

Blanc de Cantalauze, 2024

IGP Pays d'Oc, France

An unique blend, Carignan Blanc and Macabeu!

PRESENTATION

If you're wondering what "meal blanc" means, try Cantalauze blanc.

The very alliance of freshness and depth. A white that will brilliantly go with all your gastronomic creations.

LOCATION

Because the vineyards are located in-between the Pyrenees to the South and the Black Mountains to the North, it enjoys a privileged climatic position where the excesses of the Mediterranean climate are tempered by the softness of the Atlantic influences. This extraordinary mixture - where the days are sunny and warm, where the wind blows almost continuously and where the nights are cool, gives Cantalauze wines a particular charm.

IN THE VINEYARD

The two grape varieties are harvested by hand at the same time early in the morning to preserve the fruit.

Then the boxes are poured into the press without prior destemming. The juice is cold settled for 24 hours before the start of fermentation then at the end of fermentation a short aging on the lees brings the roundness which makes this wine a rare pearl.
