

La Mauvaise Réputation

Assemblage

AOC Bordeaux - 2022 - **RED**

PRESENTATION

Prohibition, a time when alcohol had a bad reputation and was responsible for all the evils. This is the case here, where John Leach, police commissioner in New York, watches his officers pour alcohol down the drain after a raid on a gambling den. Are we not moving towards those coercive years? Wine is a symbol of culture, of French savoir-vivre. This cuvée represents the secrets of our ancestral grape varieties revealed by the expression of unique terroirs: those of Bordeaux.
