DOMAINE VINCENT LUMPP

AOP Givry Premier Cru Le Vigron
Red

PRESENTATION

Located in the hamlet of Poncey, south of Givry, Domaine Vincent Lumpp covers 9 hectares and is recognized for its rigorous and precise work on Givry Premier Crus. The vineyard is cultivated in sustainable agriculture, with particular attention to parcel selection and soil work. The whites, made from Chardonnay, are slowly pressed and vinified in barrels, developing great aromatic complexity and a beautiful mineral framework. The reds, based on Pinot Noir, are fermented with indigenous yeasts, then aged in oak barrels for 12 months. They stand out for their subtle balance between power and finesse, with aromas of black fruits, licorice, and blond tobacco. The estate stands out for its meticulous work by appellation, revealing all the typicity of Givry Premier Crus, through wines of great purity and precision.
