A Toute Berzingue

Egiodola

IGP Atlantique - 2023 - **RED**

PRESENTATION

You have to be a bit crazy to propose such little-known grape varieties in the region... We are the Berticot Winegrowers and we are going full speed ahead to make you discover them! Each year, we will experiment with varieties from elsewhere in order to unveil a unique "A Toute Berzingue" vintage. Marselan, arinarnoa (in red), floréal (in white)... And many other varieties will be revealed, depending on their resistance to the sun of our ever hotter South-West.
Like grown-up children, we can't wait to show you the product of our work!

THE WINE

Very dark colour, deep, almost black; very intense.
Nose with lots of fruit (blackcurrant, blackberry), jammy notes, spicy; complex!
Very tasty on the palate, the wine has a nice silky tannic structure. Lots of length and freshness. A pleasure wine!
