### TASTING

November 2007:

The colour is deep red, nearly without any traces of age. On the nose it is constantly changing, mixing notes of morello cherries and chocolate with tertiary notes of humous and dried roses. In the mouth, there is definite fruit with refreshing acidity. The finish is still powerful and the tannins, which are have developed very well, are already well integrated. A very lovely wine which can be drunk now or left to develop.

September 2009: Lovely flavours of blackcurrants, thyme, truffles and bay. Silky and tender in the mouth reminds you of "la truffe sous la cendre" (black Perigord truffle covered in layers of foie gras and poultry stuffing, encased in pastry, and then deep-fried.)
