

CHAMPAGNE

Champagne Salon 1982

THE VINTAGE

Late departure of vegetation, although with extremely favourable weather conditions, the vines developed without a hitch. For all varieties, emergence of very fine clusters. Although the vines had not produced in two years, they gave their very best. Good ripeness of the harvest thanks to superb September sunshine. Harvesting commenced on 17th and 20th September depending on the variety and vineyard. The Chardonnays are well balanced, very fine and elegant.
