

Château Jean de Bertrand

AOC Bordeaux - 2023 - **RED**

PRESENTATION

"In 1977, my wife and I settled on the property that belonged to her family. We are the 5th generation on this estate. Château Jean de Bertrand owes its name to the place where the vines are located. The family house is still present on the estate. Today, I work with my two sons, David and Ludovic, who are also owners with me. Family is important to us and I am proud that my sons continue my work. From 2ha, the three of us have grown to 52ha. We have been certified as "agriculture raisonnée" since 2007; this certification has above all formalised the working methods we have always used, namely the right balance and respect for the environment."
