

Beau Chêne

Beau Chêne, Sauvignon, Blanc, 2022

Vin de France, VSIG, France

PRESENTATION

The Beau Chêne wines are inspired by the majestic oaks that populate the French forests. Like these often centuries-old trees deeply rooted in the earth, our wines come from vines that draw their character and balance from the depths of the soil.

TERROIR

The grapes come from limestone soils.

WINEMAKING

The grapes are harvested very early in the morning and pressed directly. The juice is cold settled before being fermented at low temperature. Our Sauvignon Blanc is aged on lees in tank for about a month.

VARIETAL

Sauvignon blanc 100%

TASTING

This wine has a beautiful pale yellow color. With its delicate aromas of blackcurrant leaf and gooseberry, it is elegant, refreshing, and aromatic.

FOOD PAIRINGS

Its fruity and fresh aromas pair perfectly with seafood and goat cheeses. It is also excellent served on its own as an aperitif. Serve at 8°C.
