DOMAINE RAPET PÈRE & FILS

AOP Pernand-Vergelesses

Red

**PRESENTATION**

Located in Pernand-Vergelesses, this family estate is one of the oldest in the region, with a winemaking history dating back over 250 years. Today, Vincent Rapet and his wife Sylvette manage the estate, perpetuating the legacy of their ancestors Roland and Robert Rapet. With 21 hectares of vines located in Pernand-Vergelesses, Aloxe-Corton, Savigny-lès-Beaune, and Beaune, the estate produces wines of great purity, practicing sustainable agriculture. The whites, aged on fine lees, offer magnificent mineral tension, while the reds develop a refined structure through long macerations and precise aging in oak barrels. Its strong point? A perfect alliance between tradition and technical precision, giving birth to elegant and balanced wines.

VARIETAL

Pinot Noir 100%

LOCATION

The name of the climat "Bois Noël et Belles Filles" evokes, for poets, a place where young women would gladly go for romantic encounters.

TERROIR

This east-facing vineyard lies opposite the village of Pernand. The slope is steep, with limestone at the base helping to prevent erosion. The soil has a distinctive reddish hue, owing to the presence of iron-rich clay.

IN THE VINEYARD

Key vineyard stages include vine treatments and soil management practices.

HARVEST

We harvest the grapes by hand into small crates. A sorting conveyor allows us to fill the vats while carefully selecting the best fruit.

WINEMAKING

Fermentation lasts around 15 days, with regular punching down to extract the richness and color from the grape skins before pressing.

AGEING

The wine is aged in oak barrels, 20% of which are new. Racking is carried out using a manual bellows, avoiding the use of pumps.

SERVING

Serving temperature: 14–16°C

AGEING POTENTIAL

3 to 5 years

TASTING

Fresh aromas of blackcurrant and redcurrant. The palate is round and fruity, lifted by a touch of minerality a signature of the steep slopes of Pernand.

AT NOSE

Blackcurrant and redcurrant, with fresh, lifted aromatics

ON THE PALATE

Round and fruit-forward, with mineral tension and freshness
