

# MAISON DE LA VILLETTE

## Maison De La Villette, Sauvignon Blanc, Blanc, 2024, Vis

Vin de France, VSIG, France

### PRESENTATION

A fresh and fruity white wine which expresses the great aromas of the Sauvignon Blanc.

### TERROIR

The grapes for this wine come from four terroirs: the Hérault plain which gives fruit and roundness, the Gard, the Aude valley which brings complex aromas, and the eastern part of the Aude area, a colder region where the grapes give freshness to the wine.

### WINEMAKING

The grapes are harvested early in the morning. Skin fermentation is made a few hours before pressing and the alcoholic fermentation occurs in stainless steel vats. The wine is aged for a few months on the lees. There is no malolactic fermentation in order to keep freshness.

### VARIETAL

Sauvignon blanc

### TASTING

A pale yellow colour. Fruity and fresh, this wine has passion fruit flavours underlined by hint of lemon and flowers. Very aromatic, it has a rich and round finish.
