

Infiniment sans sulfites ajoutés

AOC Bordeaux - 2018 - **RED**

PRESENTATION

Infiniment is a Bordeaux crafted with purity at heart, allowing the fruit to shine without added sulfites. This early-harvested wine captures the essence of fresh red berries, bringing you an intense and lively sip. With its smooth, full-bodied character and a hint of tang, it invites you to savor its natural charm. Carefully bottled with a synthetic cork to preserve its delicate balance, Infiniment is an authentic expression of Bordeaux, made for those who appreciate true, unadulterated flavors.

THE WINE

VARIETALS: Merlot 58%, Cabernet franc 35%, Cabernet sauvignon 7%

WINEMAKING / AGEING: Infiniment was harvested early to preserve the full potential of the fruit. Traditional vinification and maceration methods were used. The winemaking process was carried out without any added sulfur, and no sulfur was produced by the yeast. The sulfur content is below 10 mg/l. Since sulfur protects wine against oxidation, bottling was done promptly after vinification to protect the wine as much as possible.

TASTING

The wine has a lovely ruby color, fresh, vibrant, intense, and clear, revealing aromas of red berries. The palate is full-bodied, smooth, round, and slightly tangy, with pleasant fruity flavors that linger on the finish.

SERVING / FOOD PAIRINGS

SERVING: 17°C

FOOD PAIRINGS: Cheese, grilled or roasted red meats
