

Retours aux Sources

AOP Bordeaux supérieur - 2020 - **RED**

PRESENTATION

In a world that moves too fast, this wine takes a step back. Retour aux Sources is a return to what truly matters: sun, soil, vines... and time.

Crafted with respect for tradition and a love for the land, this red is all about simplicity with soul – ripe fruit, gentle tannins, and the unmistakable character of honest winemaking.

It's not just a wine. It's a reminder. That sometimes, to move forward, you just have to go back – back to your roots.
