

Brasserie AMPHOREA

Brasserie Amphorea - Craft White Beer - 75cl Provence, France

The "Brasserie Amphorea" range of gourmet artisan beers was born under the sunny climate of Salon-de-Provence in France. The name is a reference to the precious antique amphoras that were used for commerce and to transport wine all over the world. Today, we are reinventing this heritage by creating a range of beers that offer an ideal balance between tradition and modernity.

PRESENTATION

Inspired by Provençal traditions and blended by Pierre Vieillescazes, each recipe is approached as an experience: carefully selected malts, expressive hops and natural aromas. The result is a range of beers that conjure images of shared moments in the sun, inviting you to gather around a table in the south of France.

ELABORATION

Brewed from a blend of barley and wheat malts as well as a selection of aromatic hops.

SERVING

Recommended serving temperature: 7°C.
Store upright, keep away from light.

TASTING

- This beer boasts fruity flavours. It is pleasantly fresh on the palate with a mild bitterness. With its pale colour, light froth, and fine bubbles it can be enjoyed on all occasions.

VISUAL APPEARANCE

The beer is not filtered and non-pasteurised. Natural sedimentation may occur attesting to its artisanal character. This does not affect in any way its quality.
