DOMAINE GUERRIN ET FILS

AOC Pouilly-Fuissé Premier Cru Sur la Roche
White

PRESENTATION

Located in Vergisson, in the heart of the Grand Site naturel des Deux Roches, Domaine Guerrin et Fils is a family estate founded in 1926. The Guerrin family has revealed exceptional terroirs such as La Maréchaude and Les Crays, now recognized under the Pouilly-Fuissé appellation. With a mosaic of 35 small parcels spread over 14 hectares, the estate benefits from a rare geological diversity, mainly on limestone soils that favor elegant and expressive whites. Cultivating Chardonnay with respect for the terroir, the estate favors meticulous manual work and careful vinification. The wines stand out for their beautiful minerality, rich aromatic palette, and remarkable tension on the palate. A characterful estate that perpetuates the tradition of great whites from Mâconnais.

VARIETAL

Chardonnay 100%

TERROIR

Perched high on the slopes of the Roche de Vergisson, this unique terroir stands out for its elevated altitude and its soil composed of extremely calcareous white stones. Another distinctive feature is the constant easterly winds that sweep across the site, helping preserve excellent balance in the wines.

IN THE VINEYARD

Key stages include single Guyot pruning, periodic plowing, sustainable viticulture practices, and shoot thinning to ensure optimal vine health and grape maturity.

HARVEST

Manual harvesting

WINEMAKING

The must is gently extracted using a pneumatic press and settled statically for 20 to 24 hours. Vinification takes place in oak barrels ranging from one to five years old, with 15% new oak. A slow ageing process of 10 to 12 months allows the wine to refine and develop complexity.

SERVING

Serving temperature: 10 to 12°C

AGEING POTENTIAL

3 to 5 years

TASTING

A true wine of character, this cuvée stands out for its purity and exceptional mineral expression. On the palate, it reveals remarkable finesse, with tension, precision, and a beautifully defined minerality.

FOOD PAIRINGS

This wine pairs beautifully with fish, white meats, and goat cheeses, but is equally enjoyable on its own as a refined aperitif.
