PRESENTATION

Languedoc is notable among French wine regions for its consistently fine growing conditions. The northern latitude – even though it's the South of France, the region is still far north of almost all of Spain and Italy's vineyards – ensures long days during the growing season, so grapes ripen fully. The Gulf Stream and Mediterranean Sea keep it balmy, making it for robust, fruit filled and concentrated reds.

WINEMAKING

No oak treatment.

VARIETALS

Cinsault 50%, Grenache noir 50%

TASTING

This gorgeous blend of Cinsault and Grenache is packed with black-fruit notes, framed by ripe, well-integrated and soft tannins. The focus is on freshness and purity; the palate offers a juicier fruit intensity, followed by notes of baking spice, mesmerizingly pure fruit and savory flavors that linger on a long finish.
