

MARRENON

MAISON DE VIGNERONS
ENTRE MER & MONTAGNES

EnVie de Nature, AOP Luberon BIO, Rosé

AOP Luberon, Vallée du Rhône, France

EnVie de Nature takes you to the very heart of the Luberon, this land of rich flora and fauna, this essential breath of nature that we cherish and preserve.

PRESENTATION

With the EnVie collection, Marrenon invites you to the heart of a magnificent territory, dazzling, in the heart of the Parc Naturel Régional du Luberon - a UNESCO biosphere reserve... Discovery and astonishment in front of the richness offered by this terroir, with wines with a unique and generous personality.

TERROIR

The producers of this cuvée cultivate vineyards between 10 and 15 hectares. On the north side of the Luberon massif, a slow and late maturing zone, the soils are mainly clayey-limestone with fine stony soil. On the South side, early maturity zone, the soils are either pebble colluviums deposited by the Durance river, or clayey-limestone with strong stoniness. Still to the south, but at the eastern end of the massif, there is an area of altitude climbing to 500 meters with marly soils with a high level of limestone.

IN THE VINEYARD

Plots of land cultivated according to the principles of Organic Agriculture. Harvested at night in order to elaborate an elegant, delicate rosé with an airy expression and a freshness imprint.

WINEMAKING

The free-run juices and only the first pressings are processed to create a smooth and well-bodied wine.
