PHILOSOPHY

In a class of its own. Internationally renowned, the little village of Chambolle summarizes the best that Burgundy has to offer in terms of elegance, depth, complexity, subtlety, and delicateness. Its wines are rare and boast somewhat of an extra dimension. They never cease to amaze, always revealing an unexpected palette of aromas and flavours. The Delaunay family, who lived in Chambolle until 1954, still has a sentimental attachment to this village and for whom this appellation is in a class of its own.

THE CUVÉE

Harvesting took place at optimal ripeness and the grapes were carefully sorted before vatting. Alcoholic fermentation proceeded in the traditional way, with temperature control and extraction adapted to the vintage. After pressing, the wines were transferred to oak barrels for ageing, currently underway of which 33% are new.

VINIFICATION AND AGING

Harvesting took place at optimal ripeness, and the grapes were carefully sorted before vatting. Fermentation proceeded in the traditional way, with temperature control and extraction adapted to the vintage. After pressing, the wines were transferred to oak barrels for ageing, currently underway, of which 33% are new.

TASTING NOTES

Magnificent bright ruby red colour. The nose is highly expressive, refined and delicate, both subtle and captivating, revealing notes of red fruits (cherry, raspberry) and flowers (rose), complemented by a hint of vineyard peach and cooked fruit. The palate opens with a smooth and seductive attack, supported by a well-integrated acidity. The balance between freshness and ripeness is precise, carried by fine, powdery tannins that accompany the wine throughout the tasting. A slight firmness at this stage suggests excellent ageing potential over the coming years. A complex wine and a fine expression of its village.
