## PRESENTATION

Located in Morey-Saint-Denis, Domaine Des Beaumont is a family property that stands out for its respectful approach to terroirs and traditional vinification methods. With its plots on prestigious climates, it produces wines of great depth. The vines, averaging 50 years old, are cultivated without herbicides, and harvesting is exclusively manual. In the cellar, natural fermentations are followed by prolonged aging in oak barrels, bringing silky texture and beautiful aging potential to the wines. The estate's reds stand out for their fine tannins, aromas of black fruits, and subtle minerality that characterizes the great crus of Morey-Saint-Denis.
