

Black & Wine

Cabernet Sauvignon - Marselan
IGP Atlantique - 2022 - **RED**

PRESENTATION

Expertly blended from the enduring Marselan grape - recognized for its climate adaptability and disease resistance - along with the timeless Cabernet Sauvignon, this wine showcases our dedication to sustainability. Black & Wine is an environmentally conscious choice, ensuring minimal vineyard interventions. Experience not only a wine that delights the senses, but also one that champions a greener future while upholding cherished winemaking traditions.

THE WINE

VARIETALS: Cabernet sauvignon 78%, Marselan 22%
WINEMAKING / AGEING: Black & Wine's vinification is rooted in the harmonious marriage of innovation and tradition. Marselan, with its resilience and adaptability, is expertly fermented to preserve its fresh, fruit-forward profile, while Cabernet Sauvignon undergoes a slightly extended maceration to extract its classic depth and structure.

TASTING

This is a wine with a vibrant ruby hue, reflecting both grapes' character.

On the nose, it bursts with blackcurrant and blackberry aromas, intertwined with more delicate notes of red cherries and violets.

The palate transitions from Marselan's gentle tannins and red fruit to the boldness of Cabernet, ending smoothly.

SERVING / FOOD PAIRINGS

SERVING: 17°C

FOOD PAIRINGS: To truly appreciate this blend's duality, pair it with dishes that marry earthy and fruity flavors, like a duck breast with berry compote.
