PRESENTATION

Located in Vergisson, in the heart of Mâconnais, Domaine Jean-François Gonon perpetuates a family know-how transmitted for five generations. Settled on the estate in 1991, Jean-François Gonon now cultivates 15 hectares of vines, covering the main appellations of the region: Pouilly-Fuissé, Saint-Véran, Mâcon blanc and rouge, Bourgogne blanc and rouge. The estate takes pride in respecting the limestone soils and the natural balance of the vineyard, favoring reasoned viticulture and precise vinifications. Aging on fine lees gives the whites beautiful aromatic depth and a full mouthfeel, marked by a pronounced minerality. The estate's wines offer a pure expression of Chardonnay and Gamay, revealing all the richness of the Mâconnais terroir with remarkable freshness.

VARIETAL

Chardonnay 100%

LOCATION

This cuvée comes from two separate plots.

Age of vines: 30 years old

TERROIR

Shallow, stony clay-limestone soils.

IN THE VINEYARD

Our estate is deeply committed to environmental stewardship. Vine treatments are carried out only when necessary, and always after observation. Grass is planted between the rows to help control yields. This naturally reduces vine vigor, allowing the grapes to reach optimal ripeness more easily.

WINEMAKING

Whole bunch pressing. Settling for 24 hours, followed by spontaneous fermentation. Vinification and ageing are carried out without any additives up to bottling.

AGEING

Fermentation begins in stainless steel vats, followed by ageing in barrels that have seen 2 to 5 wines (second to fifth fill).

10 to 12°C
