Vin de France, VSIG, France

Nestled between Mount Sainte-Victoire and Sainte-Baume, Château Grand Boise enjoys a special continental climate. Since 1610, it's evolved from varied farming to exclusive winemaking. Its 30-ha vineyard, amidst a vast 400-ha estate, stretches from 320 to 650 meters high, enriching its organic wines with unique traits. Grand Boise has recently upgraded its winery with cutting-edge grape processing methods.

PRESENTATION

Château Grand Boise has recently upgraded its winery facilities and machinery. State-of-the-art anaerobic transport, a cutting-edge sorting table, and precise destemming techniques guarantee the use of only the finest whole grapes, discarding any damaged ones and stalks. To ensure the harvested grapes and the must receive delicate handling, transfers are conducted either through gravity feeding or with the gentle assistance of a peristaltic pump. The Sainte Victoire cuvée is the hallmark of Grand Boise, crafted from the finest Sainte-Victoire classified vines. These wines undergo a meticulous vinification process, aimed at enhancing their aromatic richness.

TERROIR

Our high altitude is unique in Provence. It gives us fruitiness, depth, and well balanced wines. The typical profile of Château Grand Boise is its freshness. The vines are mainly planted on North facing slopes, on limestone, clay, and pink marble soils. To preserve this delicate balance, our vines and wines are Certified Organic and follow the United States National Organic Program
