CABERNET FRANC

PRESENTATION

Cabernet Franc is an emblematic grape variety of elegant and aromatic red wines. Earlier ripening than Cabernet Sauvignon, it stands out for its natural freshness, soft tannins, and fruity expression, often marked by delicate vegetal notes.

WINEMAKING

In order to preserve all the freshness and aromatic expression of the Cabernet Franc, the grapes are harvested at optimal ripeness. Fully destemmed, they undergo a relatively short maceration of about one week, allowing for a gentle extraction of the fruit and obtaining soft and elegant tannins.

AGEING

This wine is aged in tanks with regular rackings to promote its development and preserve its balance. This aging process helps to maintain the purity of the fruit and the finesse of the grape variety.

TASTING NOTES

With a beautiful bright red dress, this Cabernet Franc reveals gourmet aromas of strawberry and raspberry, accompanied by a subtle note of bell pepper. The mouth is supple, fresh, and fruity, with delicate tannins that bring balance and gourmet pleasure.

FOOD PAIRINGS

This Cabernet Franc pairs perfectly with grilled meats, vegetarian lasagna, or Mediterranean dishes.
