

Spin-Off

V2 Rouge

WINE SELTZER

PRESENTATION

Spin-Off is a derivative product, a parallel story. Based on wine, Spin-Off retains its original characteristics while creating a new identity. An aromatic and slightly sparkling Wine Seltzer with a limited alcohol level to enjoy it even more!

THE WINE

VARIETALS: Merlot 56%, Cabernet sauvignon 36%, Malbec 4%, Cabernet franc 4%

WINEMAKING / AGEING: Traditional vinification followed by the addition of water, natural aromas and carbon dioxide to obtain fine bubbles.

TASTING

This wine seltzer has a bright purple colour and a charming nose with aromas of blackcurrant and red fruits. On the palate, a certain liveliness is supported by the bubbles and we enjoy a beautiful length on the aromas of red fruits.
