PRESENTATION

Perched in the hills of Faugères, in Languedoc, Château Haut Lignières benefits from an exceptional schist-based terroir that imparts remarkable minerality and depth to its wines. This family-run estate blends tradition and innovation to produce wines with strong identity—authentic reflections of their environment. Grapes are harvested manually to preserve berry integrity and ensure only the finest fruit is selected. Vinification is tailored to each parcel to extract the fullest expression. The estate's red wines, made from Syrah, Grenache, and Mourvèdre, stand out for their aromatic power and elegant structure, while the whites and rosés offer radiant freshness and notes of white-fleshed fruit. A benchmark producer in Faugères for expressive, characterful wines.
