## PRESENTATION

Located north of Aix-en-Provence, Château Pigoudet is a flagship estate of the Coteaux d'Aix-en-Provence. Its vineyards, bathed in sunlight and swept by the Mistral, enjoy a climate ideal for crafting fresh, refined wines. The estate practices sustainable viticulture, managing soils with care and using limited inputs. Night harvesting ensures that grapes retain their delicate aromatics and freshness. Renowned for its elegant rosés, the estate also produces subtle whites and well-balanced reds. The wines reveal notes of red berries, citrus, and white flowers, and reflect the vibrancy and charm of the Provençal terroir.
