Located in Burgundy, Domaine De Cardon champions an artisanal approach and a high standard of excellence in crafting its wines. The estate cultivates carefully selected plots on limestone-rich terroirs, ideal for growing Pinot Noir and Chardonnay. Committed to sustainable viticulture, the domaine minimizes intervention to preserve the natural balance of the soil. Winemaking is conducted with precision, favoring gentle extractions and well-managed barrel ageing. The red wines are elegant and refined, revealing subtle aromas of cherry, raspberry, and forest floor. The whites offer beautiful minerality and remarkable aromatic purity. A domaine firmly rooted in the tradition of Burgundy's great wines.
