## Château Calvimont, AOP Cérons, White, 2011

AOP Cérons, Bordeaux, France

Château de Cérons has always been linked to its vineyard. The property is named after the Marquis de Calvimont, a Bordeaux parliamentarian from Normandy, who during the 18th-century received many artists and intellectuals in the majestic salons of the Château. A place steeped in history and a winemaking tradition that has been carried on wonderfully since 1958 by the Perromat family.

### PRESENTATION

The Cérons appellation, located at the gateway to Sauternes, is an enclave in the Graves region. This fabulous terroir is marked by two specificities: a subsoil of limestone plates with asterias covered with gravel alluvial deposits and a particular microclimate. Those exceptional conditions are the hallmark of wines with a beautiful minerality and great aromatic precision. HVE 3 certified, respect for the environment and people are essential. Xavier Perromat has resumed meticulous plot work in order to reveal all the finesse and quality of this terroir. A true gem!
