

Château Haut Mouleyres

AOC Bordeaux - 2022 - **RED**

PRESENTATION

"My grandparents moved to Sainte-Radegonde in 1930 and began their vineyard with just 2 hectares of vines-compared to 80 hectares today. They were founding members of the Sainte-Radegonde cooperative winery, located next to their estate. From the vineyard, we have a stunning view of the village, its landmarks, and its windmills.

The name of the Château comes from the highest plot on the estate. The name 'Mouleyres' is a regional variation of the word 'Meunier' (meaning miller).

It is believed that before vines were planted, the property was the site of well-known and respected windmills...

I took over the family estate in 1975 to support my parents. With our vine nursery business, even with four of us, we keep quite busy!"
