CABERNET SAUVIGNON

PRESENTATION

The iconic grape variety for all the red wine-lovers with a soft spot for power and richness, Cabernet Sauvignon is a rather late-ripening variety. Not a big fan of drought, it prefers deep soils that retain moisture. This variety never departs from its beautiful aromatic complexity and its persistence on the palate.

WINEMAKING

In order to obtain a rich and complex wine, the winemaking process starts a warm maceration on the skins, followed by fermentation at 25°C.

AGEING

Our Cabernet Sauvignon is aged in vats for 4 to 6 months before it is prepared for bottling.

TASTING NOTES

Showing a beautiful dark red color, this Cabernet Sauvignon reveals delicious aromas of blackcurrant enhanced with hints of green pepper. This cuvée is both complex and elegant.

FOOD PAIRINGS

The power of this Cabernet Sauvignon can be appreciated as an accompaniment to a slow-cooked lamb shoulder, a burger or a lentil dahl.
